Activity Date Location

I understand that the Jaguar Cooperative Activity rule requires that all students travel with the team via the transportation provided by our Jaguar Cooperative to and from all activity events and a departure from this requirement will release the Granada Huntley East Chain Schools, Martin Luther School, and Truman Public Schools from all liability for any adverse results that may occur. Students are not permitted to drive themselves to a competition.

Therefore, I agree to release any schools in the Jaguar Cooperative and its employees and officers from all liability with references to the above stated activity event and related transportation.
